## **PURCHASE AND DELIVERY**

**We do not deliver gravel to job sites.** We do load our customers' trucks onsite, without additional loading charges. For first-time customers arriving at the mine site to pick up their own material, drive up to the gravel staging area in front of the shop, look for the bright orange sign that says, "For Gravel Loading Wait Here and Honk." Do just that, and the gravel loader will be with you shortly. Customers purchasing material onsite, without open accounts, will need to pay as they go. We accept cash, checks, or credits cards with a 3% convenience fee added.

**Delivery by others.** The following list of names are businesses/people who will deliver the gravel to your site. You will need to set up the delivery through them. These gravel delivery businesses have accounts set up with us, so you can pay them directly for both the gravel product cost and their delivery cost.

<u><b>Delivery Truckers</b></u>	<u><b>Contact Name</b></u>	<u><b>Phone #</b></u>	<u><b>TOP 10 - 2020 Sales</b></u>
